VOLUME 12. EIGHT PAGES MARYVILLE, MISSOURI, TUESDAY, JUNE 28, 1921 EIGHT PAGES NO. 21

MERCHANTS PLAN TWO DOLLAR DAYS

FRIDAY AND SATURDAY, JULY 1 AND 2 ARE DATES

OFFER MANY BARGAINS

List Includes Not Only Small Articles But Also Savings On Larger Purchases.

Friday and Saturday, July 1 and 2, are days to be marked on the calendar in red ink by every prospective purchaser in Nodaway or surrounding counties. On those two days, Maryville merchants will unite in a "Dollar Sale" at which they will offer the people of the Northwest Missouri an opportunity to buy many real bargains.

"This is not a penny saving sale but a dollar saving sale" is one slogan which the merchants have adopted in planning the sale. It is not confined to small articles, but has been extended to include higher priced articles, on which reductions are made in dollars.

The object of the two days like other co-operative sale days held in the past, is to familiarize more and more people with Maryville stores, the class of goods carried and the reasonable prices at which they are offered. By each offering some articles at figures which many represent an actual sacrifice, they make it profitable for shoppers to come from greater distances and thus enlarge Maryville's trade territory.

The Democrt-Forum will furnish an added attraction for a visit Saturday, when it will receive returns of the Carpentier-Dempsey heavyweight championship fight blow by blow and almost as soon as the blows are struck. The bout will start in New Jersey at 3 o'clock. Eastern time is one hour earlier than ours and a daylight saving law moves the closk forward still another hour, so that the fight will start at 1 o'clock our time. Returns will be received by the Democrat-Forum as soon as they can be flashed over the wires by experts at the ringside.

Articles that can be purchased for $1 on the two bargain days include the following: safety razor and packet knife, women's pumps and oxfords, three boxes writing paper, one dozen postcard photos, pitchforks, three pounds coffee, automobile chamois, sponge, flash light, seven yards gingham, one dozen glass jars, three packages milk of magnesia, ten pairs socks, Cheney silk ties, white wash waists, Sal-Tonik salts, Ford size inner tubes, thirty bars soap, five pounds breakfast bacon, one dozen hair nets, neckband and coller attached shirts, six yards voile, fancy and plain colored silk, ten pounds plate boiling meat, aluminum percolators, electric light shade sets, lingerie clasps and bar pins, Champion spark plug and Whiz Top dressing, six cut glass salt cellars, two collar pads, ladies' house slippers, eleven yards calico, auto chains, horse collars, two spark plugs, twenty-five pounds wire nails and fence staples, Congoleum door rugs, and dinning chairs. The list is by no means complete.

VICE CHANCELLOR REFUSES TO STOP DEMPSEY-CARPENTIER BOUT

Jersey City, June 28.—Vice Chancellor Eugene Stevenson today declined to act on the motion of the International Reform Bureau to stop the Dempsey-Carpentier bout.

Ice Cream Social.

The Lone Valley Community club gave an ice cream social at the school house on Wednesday night of last week. On account of the busy season only a small crowd was present. The proceeds amounted to about $10 which will be used fo ra Victrola fund.

J. B. Horton and John Boyer of Revenwood were in Maryville yesterday.

SPEEDER IS FINED $25 AND COSTS ON TWO COUNTS

Chester Davis Pays Total of $64.30 in Police Court—Must Also Face State Charge.

Chester Davis, living southwest of Maryville, was fined $25 and costs on each of two counts, when he pleaded guilty before Mayor Robinson this afternoon to speeding and operating his car with cutout open. The fines together with the costs amounted to $64.30.

Davis was caught speeding and with cutout open a week ago last Sunday on the college drive by Mayor Robinson. Mayor Robinson notified him to appear in police court the next morning. Davis failed to appear and City Marshall E. E. Tilton accompanied by Sheriff Roach went after Davis this morning and rearrested him.

The state also arrested him on a charge of operating his car with cutout open. He gave bail for $200 and will appear at the September term of circuit court.

MAY MAKE FILM SHOWING AGRICULTURAL ACTIVITIES

Farmers Ask Chamber of Commerce To Consider Marking Movies of County's Chief Industry

If farmers of Nodaway county want a moving picture film showing scenes on their farms, similar to the pictured report of Secretary George A. Pickens, of the Maryville Chamber of Commerce, they can have it, it was decided at the weekly luncheon of the organization last night.

The Chamber of Commeree film has excited much interest at various gatherings at which it has been shown, and there has been a demand for a similar film to depict agricultural activities in the county. A number of farmers have asked that scenes be taken on their farms and have agreed to pay for the cost of the film used, which would be 50 cents a foot. Should a large enough number of farmers each take fifty feet of film, the Chamber of Commerce would undertake the film.

No definite action was taken last night, it being left to farmers to discuss the matter among themselves and decide if they want to be included in the film. It would be shown at county fairs and various state and even national gatherings.

President Hosmer told of a good fellowship that has been brought about between town and country by the gatherings at which the Chamber of Commerce film has been shown and urged greater attendance in an effort to develop good will. Roy A. Kinnaird, county farm agent, also spoke, endorsing the proposed agricultural film.

The members present also endorsed the proposal of the Odd Fellows' Lodge to bring the Cheyenne Round-Up, a wild west show to Maryville for four days the second or third week in August. This is the same aggregation which will stage performances in St. Joseph and Trenton and is touted as an extraordinary attraction. The country is billed for fifty miles around, and a "value received or your money back" guarantee is offered the local lodge.

The Rev. R. E. Snodgrass spoke in the interest of the Men's Bible class of the First Christian church in its contest with Clarinda, Ia.

The next Chamber of Commerce luncheon will be held Monday, July 11. They are held weekly, but there willbe none on the July 4.

W. J. STAPLES TO TAKE TRIP TO CALIFORNIA.

W. J. Staples will leave Saturday for a month's trip to western points. He will visit his son, Harold Staples, at San Francisco, and also at Los Angeles.

Mr. and Mrs. Willis Wray living near Pickering were in Maryville shopping today.

John Deardorf is shipping a car load of hogs today. They will be on the market at St. Joseph tomorrow.

Mr. and Mrs. Clarence Merrigan of Conception are in Maryville today on business.

LISTEN MEN! Every Booster meet at the big tent tonight at 8 o'clock without fail. This means every man whose slogan is **"BEAT CLARINDA."**

AN EMERGENCY CALL—DON'T FAIL!
MEN'S BIBLE CLASS.

BAND MEMBERS WATCHING RESULTS

CAMPAIGN FOR FUNDS IS TEST OF PUBLIC APPRECIATION

WANT ALL TO HAVE PART

Scouts Will Distribute Envelopes Tomorrow Night and Collect Them Friday—May Send Gifts Direct

Whether citizens of Maryville appreciate the weekly band concerts in the court house yard will be determined this week by the response to the appeal of the members of the band that they be equipped with uniforms. Preliminary work in the campaign is being done today, and letters and the envelopes in which contributions will be placed will be distributed by the Boy Scouts tomorrow night.

The Scouts will meet at Recital Hall in the Conservatory building at 7 o'clock. They will leave the appeal and the envelope at each Maryville home, and on Friday they will call and collect the envelopes. They will wear badges reading "Collector for Band Uniform Fund."

The executive committee, which is in charge of the campaign, also plan to give persons living outside of Maryville a chance to contribute if they wish to show their appreciation of the concerts. A number of letters are being mailed out, but it is possible that some may be missed. Contributions may be mailed to the Maryville Concert Band, in care of Leon Cannon, treasurer.

"Each man in the band must own an instrument, the average cost of which is nearly $100," says the letter. "He must pay for a course of private lessons covering at least a year or two; he must spend upwards of an hour each day in study and practice before he can become proficient enough to be of any service to the band. Next, multiply this by twenty-five and you have the primary cost or starting basis. The band meets at least once a week for a two-hour rehearsal and once a week for a free public concert. For these services the band men receive no remuneration whatever, yet they render a service for the enjoyment of the entire population of Maryville and the surrounding country for a considerable radius."

The band concert will be held as usual Thursday night.

AGREEMENT IS REACHED IN BRITISH COAL STRIKE

Miners Will Return to Work at Once Premier Announces,—Greeted With Cheers

London, June 28.-- The national coal strike which has been in effect since April the first was settled today. An official announcement to this effect was made following the second conference between the federation of miners and colliery owners at the government board of trade office. Premier Lloyd George announced at the house of Commons today that an agreement had been reached between the strikers and colliery owners and that the men would return to work at once. There were many cheers and rejoicing throughout the whole country.

Mr. and Mrs. John Boyer of Burlington Junction are in Maryville today.

The MISSOURI WESLEYAN GLEE CLUB

will give a CONCERT

at the First M. E. church Wednesday evening, June 29, at 8:30 o'clock. No admission charge, but a silver offering will be taken.

Electric Theatre

RIGHTS OF WOMEN JURORS ARE CHALLENGED IN OHIO

Attorneys For Mrs. Katherine Kaber, Alleged Murderess, Do Not Want A Femine Tribunal.

Courthouse, Cleveland, June 28.—The right of woman to sit as jurors in the trial of Catherine Kaber, charged with the murder of her husband, was upheld today by Judge Bernon.

Courthouse, Cleveland, June 28.—The defense will challange the array of jurors summoned for today in the trial of Mrs. Katherine Kaber, alleged murderess of her husband, this morning on the grounds that women are not qualified to act as jurors under the laws and constitution of Ohio, Francis Poulson announced today to Judge Maurice Bernon who is presiding in the case. The case will not take more than three days.

BAD START FAILS TO DAUNT FANS

MARYVILLE ATHLETIC CLUB DETERMINED TO HAVE GOOD TEAM

TO SELL SEASON TICKETS

Stockyards Team Which Will Play Here Has Not Been Defeated This Season.—No Diamond at Home

The rain which caused the postgame between Creston and the Maryville Athletic Club last Sunday failed to put a damper on the nethusiasm of the local club's backers, although expenses incurred for advertising and other incidentals has put them in the hole.

The arrangement by which the Stockyards team of St. Joseph will be brought here to play for Maryville will not be canceled. The supporters of the project were encouraged by the turn-out of fans last Sunday, although no game was played.

Following a visit here yesterday by Werne C. Stone, an inspector on the livestock stock exchange, and Frend R. Green, a buyer for Swift and Co., arrangements were made for the issuance of season tickets, good for twelve games. They will be sold for $5. T. F. Reimer, Ed Keck and Francis Sherlock will have charge of the sale.

Manager Green of the Stockyards team is not a former resident of Maryville. The team agreed to play as a Maryville team under the name of the Maryville Athletic Club because they have no diamond there.

The club which will play here has querading unde rthe name of a Stockbeen undefeated this season. Another group of players has been masyards team, according to Manager Green, but the two should not be confused. The original Stockyards team, that one that will play here, is a salaried club which plays only high class teams. They recently defeated Falls City, Neb., 4-0, Altamont 14-4, and the Nebraska Sioux Indians 4-1. A game was scheduled with Sedalia but was postponed on account of rain.

Local baseball players of the caliber of Loren Egley and the Buhler brothers will be given a chance to show their wares with the new team. If they make good, they will be used in the line-up.

KANSAS MINERS FAIL TO ANSWER "CALL TO ACTION"

Supporters of Kansas Industrial Court are Jubilant Over Trend in Howat and Dorchy Trial.

Columbus, Kan., June 28.—Supporters of the Kansas Industrial Court Law are jubilant today over the way organized labor accepted the trend of event in the Howat and Dorchy trial which opened here yesterday. The business of picking the jury for the case continues with Richard Hopkins, Attorney General of Kansas, perosonally taking charge of the trial.

The "rank and file" of the miners has completely failed to answer and obey the "call to action" issued by the state federation. Scarcely two hundred were about the court house square when court opened today.

To Colorado Springs

Mr .and Mrs. C. J. Strader and daughter, LeVada, left this morning in their car for Colorado Springs, Colo., for a several week's visit.

Mrs. Edward Green and daughter of Stanberry were in Maryville yesterday.

DANGER SEEN IN "PROWLER" SCARE

OFFICIALS WARN AGAINST CARRYING OF ARMS BY RESIDENTS

A DAYLIGHT ROBBERY

Thief Enters Home of W. C. Irvin and Steals $15—East First Street Has Restless Night

Yesterday was a day at home for W. C. Irvin, a traveling salesman who lives at 1016 East First Street. He left the house about 12:30 o'clock yesterday afternoon, leaving his case with about $15 in money. Shortly after 1 o'clock Mrs. Irvin's mother, Mrs. Mary Fullerton, who lives on the other side of the house, entered the apartment and found the case open, the money gone and the contents rumpled. Bureau drawers in bedrooms had been rifled, but nothing else of value taken.

"It was evidently someone that knew what he was after," said Mr. Irvin. "I am on the road most of the time, and it just happened that I was home yesterday and left my case with the money in it. Clothing was torn out of bureau drawers and things pretty badly mussed up in the bedrooms but nothing else taken."

Mr. Irvin said he noticed a man walking along the street about 10 o'clock last night, that his actions appeared suspicious and that he watched him but saw nothing further.

The Irvin residence is farther down on East First Street than the neighborhood where the strange activities of a night prowler have been reported as centering. The scare is assuming dangerous proportions, according to Charles McCaffrey, prosecuting attorney, who issues a warning against residents in that section carrying firearms on the streets.

Many of the volunteer watchers night last night whfle keeping watch for the real or imaginary prowler who is terrorizing the neighborhood. Bands of men and boys patroled the streets and alleys in that section, and Sherrif Steve Roach had several deputies on duty. No disturbance was reported during the night, however.

Many of the valunteer watchers last night had weapons of various sorts, and city and state officers join in condemning the practice. Mr. McCaffrey is of the opinion that the scare is without foundation and that a return to normality on the part of residents of the excited section is what is most needed.

Asked if he thought a prowler existed, he said, "Absolutely, no. The town is full of cats and dogs and they are raising cane during the night, fighting and running through the street and alleys. People must not go armed or they will get into trouble.

One woman, the prosecuting attorney said, had called the police when a cat jumped on a pile of tin cans. Shadows from trees had also been mistaken for men, he said.

Mayor F. P. Robinson agreed that the volunteer patrolling was a source of danger, especially if the watchers carried arms.

"I warned them that if they carried guns down there, some innocent party would be shot," he said.

The mayor was inclined to think that some man has actually been responsible for the scare, but that it had grown larger than the cause justified.

Mrs. J. S. Highbarger, 417 East First Street, is emphatic in her as-

TANKER HITS FERRY BOAT CARRYING 2,000 PASSENGERS

Fog Causes Accident Which Migh Have Been Disaster,—All Landed Safely

New York, June 28.—The ferry boat, Bronx, carrying between fifteen hundred and two thousand passengers collided with the Polarine, a tanker, in a heavy fog off of St. George, Staten Island, early today. The ferry was badly damaged but there was no leak and she made her trip to St. George safely, landing all of her passengers. There was a slight panic on the ferry, many passengers making for the life belts, but the crew managed to restore order.

VOLUNTEER SERVICE STILL ACTIVE IN RELIEF WORK

Red Cross Receives More Garments for Children in Europe Orphaned in World War.

Garments are coming in rapidly to the Red Cross from the volunteer service department of Nodaway county, according to Miss Betty Turner of the home service department. Mrs. Charles Bellows is chairman of this work and has as her assistant Mrs. Jesse Robertson. The object of this work is to furnish clothing for children in Europe who were orphaned by the war.

Three children's dresses came in last week from Skidmore and the Penelope club of Maryville brought in another child's petticoat. These garments are only a few of the many that are being brought in by the different women's organizations of the county.

This week has been a busy one for the home service department. Men have been in to see Miss Turner from all over the county about compensation, insurance and many other questions perplexing to the average ex-service man.

COURTNEY CHILDREN IN ANOTHER PROGRAM HERE

Small Artists will be Assisted by Best Maryville Talent at M. E. Church, South

Ellen Elizabeth and Mary Katherine Courtney of Kansas City who are in Maryville spending the summer with their grandmother, Mrs. A. T. Stinson, will give a program of readings and songs assisted by some of Maryville's best musical talent, at the Buchanan Street Methodist church at 8 o'clock Friday night, July 8.

The Courtney children are students of the Georgie Brown School of Dramatic Art in Kansas City and have appeared many times before Kansas City audiences, who were delighted with their program. They have also appeared before in Maryville, giving an entertainment last December at the Buchanan Street Methodist church, several numbers at the last Elks' New Years' party, and various other Maryville entertainments.

ULSTERS CABINET HAS ACCEPTED INVITATION

Sir James Craig Will Attend Irish Peace Conference at London

Belfast, June 28.—The Ulsters cabinet today accepted Premier Lloyd George's invitation to Sir James Craig. The Permier of Ulster will go to London to attend the Irish peace conference.

BOWKER CEMENT BILL PASSES SENATE TODAY

Empowers State Highway Department to Condemn, to Purchase and to Operate Any Cement Plant.

Jefferson City, June 28.—The senate today passed the Bowker bill empowering the state highway department to condemn, to purchase and operate any cement plant in the state for the production of material for road construction. It is considered a blow against the "cement hogs". It now goes to the house.

To Kansas.

Miss Virginia Lawson went to Atchison, Kan., this morning for a visit with friends.

ENROLLMENT NOW SECOND LARGEST

630 STUDENTS ARE ATTENDING STATE TEACHERS' COLLEGE

INCREASE 31 PER CENT

Total Number for Year is 1,383, Equivalent to 461 Attending For Nine Months.

Records of the State Teachers' College show an enrollment today of 626 students, the second largest attendance at a summer session in the history of the institution. The number will exceed 630 before the end of the week.

In only one year has there been a larger attendance at the College than this summer. This was in the summer of 1916, when 703 students were enrolled. In 1917, there were 624 enrolled, a mark which is already beaten by two this term.

"While the enrollment is not exactly that now, it will be 630 by the end of the week, I am sure", President Ira Richardson said this afternoon. We now have 626 enrolled and I know of three or four others who are completing their enrollment."

The average term enrollment for the four quarters of the year of 1920-1921 is now 343, the records show. The total enrollment for the year is 1,383, which is equivalent to 461 individuals attending for aperiod of nine months, measured in terms of the usual college year.

This number does not include students taking correspondence or extension work, pupils in the demonstration school nor children taking lessons in the department of music. All are resident students of college and secondary rank.

The present summer term enrollment represents an increase of 31 per cent over last summer and an increase in the average enrollment for the year of 28 per cent.

Many of the students who are here this summer intend to come back this fall, and all indications point to an enorllment for the fall term larger than any corresponding term in the past. The secretary of the M Club has received letters from several former high school athletes who plan to come here this fall.

David Anderson of Indianapolis, Ind., author of "The Blue Moon," spoke to the student body at the regular assembly at the college this morning. The book was published by an English company and is now on sale in England, as well as in the United States. A six-reel film has been made from the story.

A film showing the development of handwriting was also shown at the assembly.

ALLEGED "HE VAMP" MUST APPEAR IN POLICE COURT

Young Girl Says William Kennedy of Skidmore Attempted to Force Her to Go Riding.

William Kennedy, living near Skidmore, was arrested today on a state charge of assault and battery by Sheriff Roach. He was also arrested on the same charge by the city and his trial was docketed for late this afternoon. Kennedy gave bail for his appearance in circuit court in September.

Kennedy is charged with asking a young lady to go out riding and with grabbing her arm when she refused. The offense took place a week ago last Saturday night. The prosecuting witness is Miss Miriam Gray of Maryville.

There have been many reports of boys in cars asking girls to go riding. The city authorities are on the watchout and are going to make it hot for such offenders.

THE WEATHER

Unsettled but mostly fafr to-night and Wednesday; continued warm.

LARGEST CIRCULATION IN NODAWAY COUNTY

DANGER SEEN IN "PROWLER" SCARE

(Continued From Page One)

sertion that she had seen a man on Saturday night and Mrs. John Shonley, who lives across the street, is equally postive that the mysterious prowler visited the Shonley home Sunday night, turned the knob on the door and attempted to gain entrance.

Mrs. Highbarger saw the man twice Saturday night, she said. He was standing in the shade of a tree in the yard about 10:30 o'clock, she declared, but she was reassured by other members of the family. She was unable to sleep, however, and about 12:30 o'clock, she saw the nocturnal visitor on the opposite side of the street, near the Shonley residence. He crossed the street and came directly toward the Highbarger home, came up into the yard, walked around the house and mounted steps leading to the porch.

Mrs. Highbarger woke her husband, who challenged the stranger. He then walked into the back yard where he stood while Mr. Highbarger questioned him. He made no answer but did not appear frightened. He again came towar dthe house and followed the walk which hugs the north side of the house. Mr. Highbarger three a stick of stovewood at the figure, but it did not hurry him.

"He was well dressed, but in shirt sleeves," said Mrs. Highbarber. "The street light is near our house and it was perfectly light. When I can look with my own eyes and see him so close that I can talk to him, I know it is not imagination. He seemed like a nice man, real tall and heavy set. He carried a palm leaf fan in his hand.

"He seemed perfectly at home in our yard. It was dark out in the back yard and there were two tubs of water on the walk but he had no trouble avoiding them. He never did run when Mr. Highbarger theatened him."

Sheriff Roach thinks the people are too much excited and with so many of them with arms some innocent person may be shot. The sheriff is co-operating with the city authorities in running down the alleged prowler or prowlers, and anyone seeing such a person is requested to telephone at once.

Pennington Guests Leave.

Mr. and Mrs. A. C. Fuller of Kansas City, who have been visiting in Maryville the last two weeks with Mr. Fuller's sister, Mrs. Jack Pennington, and family, left this morning for their home. They were accompanied by two of the Pennington children, Darroll and Laura, who will visit in Kansas City for several weeks. Mrs. Pennington and the other three children, Herbert, Clara and Jack, Jr., will go to Grant City tomorrow for a lengthy visit at the home of Mr. Pennington's sister, Mrs. Andrew Sims.

Mrs. Hattie Hogue and Miss Myrtle Hogue of Kansas City who are in Maryville for the summer, were week end guests at the home of Mr. and Mrs. John Carmichael near Pickering.

Edward Combs and mother and sister of Clearmont were in town yesterday.

W. A. Blagg went to St. Joseph this morning on a short business trip.

JOSEPH JACKSON SELLS HOME TO J. D. THOMPSON

Barnard Stockmen Buys Jackson's Residence on South Main For $9,500.

Joseph Jackson, president of the First National Bank, has sold his residence on South Main street to Joseph D. Thompson, a prominent farmer and stockman living near Barnard. The purchase price was $9,500. Possession will be given October 1. In purchasing the Jackson residence Mr. Thompson has selected one of Maryville's most beautiful homes.

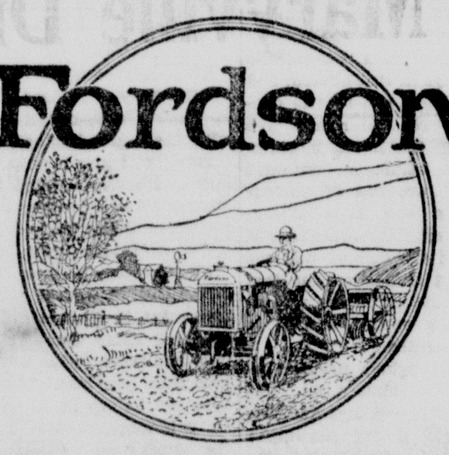
Mr. Jackson and family will move about October 1 to the beautiful Jackson place at 912 South Walnut street.

Visiting in Kansas City

Mrs. B. E. Condon and daughter, Mrs. Milton Garrett, went to Kansas City yesterday morning to visit Mrs. Condon's sister, Mrs. J. W. Tompson of Oklahoma City, Okla., who is the guest this week of her son and wife, Mr. and Mrs. George Tompson. Previous to going to Kansas City, Mrs. Tompson and her husband, Judge Tompson, enjoyed an outing of several weeks in the Ozarks.

Lee Morris of Hopkins is in Maryville today.

Fordson



Put it to any Power Task

While the Fordson Tractor has power in plenty to drag plows and harrows through the heaviest soil, it is light enough, small enough and so easily controlled that it can handily be put to many tasks about the farm, that will save you time, money and work.

In fact the Fordson will do every power job, both draw-bar and belt, more quickly and at less cost than it can be done with any other form of power. So every month the whole year 'round the always dependable Fordson will prove itself a paying investment, because of its capabilities, its economy and efficiency.

We will gladly explain and demonstrate to you the many Fordson money-making, time-saving features. Call, write or phone.

METEORIC SHOWER TO BE ON JUNE 30

PONS-WINNECKE COMET WILL CAUSE NO HARM TO THIS PLANET

HAS EVIL REPUTATION

Prof. Baker Gives Interesting Facts of Celestial Wanderer—Body Probably Invisible to Naked Eye.

Maryville, with the rest of the earth, will receive a regular visit this month from one of its old acquaintances, according to Prof. R. H. Baker, of the astronomy department of the University of Missouri. The guest will be the Pons-Winnecke comet.

This celestial wanderer has received considerable attention, since it was predicted that it would collide with the earth, but calculations have shown this the be untrue. The comet does pass through the plane of the earth's orbit on June 16, but the earth does not reach this point until June 25; at this time the comet will be some eighteen million miles ahead of the earth. Even if the intersection were exact, the chances for a collision would be negligible, since the earth is so small, and space so great.

The Pons-Winnecke comet was discovered by Pons in Marseille, June 12, 1819, and rediscovered by Winnecke at Bonn, Germany, on March 8, 1858. It is one of the thirty comets of Jupiter's family, and has a period of revolution of approximately 5.80 years. It has been seen on eight of its eleven visits to the earth since 1858, its position being unfavorable on the other visits. Barnard, at the Yerkes observatory, photographed the comet for the first time on April 10 of this year.

Although the comet approaches nearer the earth than any other celestial body except the moon, it will probably be invisible to the naked eye, being of the sixth magnitude. Mr. Baker believes that the most interesting feature of the comet's close approach to the earth will be a meteoric shower on or about June 30.

The shower of meteors which will result when the tip of the tail of Winnecke's comet strikes the earth, is promised by astronomers to be a brilliant spectacle. The comet is flying now through space.

It comes heralded by an evil reputation gained when it was interpreted as having a sinister meaning. It flashed against the sky in the sixteenth century when the Turks and Christians were at war. The opposing armies were terrified and both thought that it was an omen meant exclusively for them. The Turks, who had been having a successful campaign, thought that the heavenly body meant that reverses were imminent. The Christians took heart, thinking that the tide of battle was soon to turn in their favor. The comet faded from view before the war was concluded.

Before the Battle of Hastings in 1066 Halley's comet appeared and is pictured in the Bayeaux Tapestry. A comet appeared immediately before Caesar's death. It came accompanied by a meteoric shower, but the rumors of the cemeteries giving up the dead and of a dew of drops of blood was not fulfilled. Nor did men turn into torches and walk into their own flames without being burned. Milton speaks of a comet's responsibility for war and pestilence from its "horrid hair."

As Halley's comet brought on the belief that the world was coming to an end, the near arrival of Winnecke's comet. The material of the tail of the comet has been discussed pro and con along with the liklihood of its setting the world on fire. Scientists are certain that it contains no substance which could possibly do more than to leave a slightly increased amount of gas in the atmosphere.

The billion meteorites which fall every twenty-four hours are probably very tiny sparks when they hit the upper atmosphere of earth. They are fanned to a white heat by the friction in falling and are at white heat when they are visible from the earth. As they drift more slowly to earth through the atmosphere they are probably a powder like substance that is not discernible in the air and that falls to earth unobserved.

When Halley's comet came in 1910, astronomers thought that this planet would pass through the comet's tail. A collision was apparently due but because of influences in the inter-stellar spaces, the comet took a sudden sharp turn and did not touch earth at all.

Mrs. Medsker and daughters, Marie and Eudora, of Graham were shopping in Maryville today.

Mrs. Ida Morris and daughter, Ethel, and son, Lee, and Oliver King, all of Hopkins were Maryville visitors today.

GUN CLUB SCORES AT MEET HELD SUNDAY

The following scores were made by members of the Maryville gun club at their meet Sunday afternoon at Harrison's pasture:

Fifty targets—Yeamans 42; Wimans 34; Conder 35; Geist 28; Kuchs 26; Harden 19; Kiser 17.

Twenty-five targets—Green 23; Sowers 21; Embree 21; Sillers 16; Marcell 14; Touhey 13; Phipps 13; Smith 12; Williams 9; Farrems 8; Henederson 5.

Mrs. E. L. Ferritor and Miss Nina Merrigan of Conception went to Omaha this morning to spend the day shopping.

Miss Alice Arcutt Home

Miss Alice Orcutt returned Saturday night from Oakland, Cal., where she has been teaching in the Oakland schools. She visited two weeks with her sister, Mrs. Arthur Fisher, in Caney, Kan. She will be in Maryville about six weeks. She will return to Oakland again this fall, where she has been re-employed at an increase in salary.

Miss Mary Wallace of Clearmont came to Maryville this morning for a visit of several days with Miss Mary Lewis.

ENEMY WARSHIP, CREWLESS, SPEEDS TOWARD OUR COAST

Vessel Controlled Entirely by Radio Is Used in Tests Which Open New Area in Naval Warfare.

On Board U. S. S. Henderson off Lynn Haven Roads, June 28.—A new page was turned today in the naval history when the army and navy air forces combined to locate and to attack the radio controlled battleship Iowa, which is theoretically steaming towards the Atlantic coast for an offensive.

For the first time in naval history the big battleship was entirely controlled by radio and unmanned, being used as the enemy in the war game. At the zero hour today, the Iowa was located off the coast between Cape Hatteras and Cape Honelopen and was steamed shoreward at maximum speed. Her course and speed was controlled entirely by electricity in radio waves sent out from the battleship Ohio, which was five miles to the stern of the uncanny enemy.

Mr. and Mrs. Steve Keifer and daughters, Stevana and Maxine and Misses Grace and Laura Smith all of Diagonal, Ia., spent Sunday at the home of Mr. and Mrs. A. B. Stiens.

MALLINSON'S SILKS DE LUXE

H. R. Mallinson & Co., of New York, manufacture the world's most exclusive and finest silks. This store has been appointed the exclusive agency for Nodaway county. You will find these silks here only.

The Biggest Little Store in the United States.

Social Gossip and Clubs

Complimentary to Miss Ford.

Miss Helen Ford of Kansas City, formerly of Maryville, whose marriage to G. D. Reynolds of Chicago takes place Saturday, will be the honor guest at a number of affairs being given this week by Kansas City friends. Mrs. Jesse F. Anderson will entertain with a luncheon Wednesday at her home, and Miss Vivian Aiken will be hostess at a dinner Wednesday night at the Ivanhoe Club in compliment to Miss Ford. Miss Katherine Schenck will entertain with a dinner at the Broadlands Hotel, where she resides, and her guests who will include a number of former Maryville people, will be Miss Ford, Mr. and Mrs. Jesse F. Anderson, Mr. and Mrs. A. W. Hoover, Mr. and Mrs. Thomas Hoey, Charles W. Avery and R. G. Robey. Following the marriage ceremony on Saturday Mr. Reynolds will entertain the wedding party at an 8 o'clock dinner at the Muehlebach Hotel. The couple will depart the same night on their honeymoon trip to Los Angeles, Cal., where they will be the guests for a month of the bride-elect's sister, Mrs. C. E. Signs, and Mr. Signs.

Miss Bolin Hostess.

The Junior White Cloud club will meet Friday night at the home of Miss Helen Bolin south of Maryville.

Douglas Homemaker's Circle.

A meeting of the Douglas Homemaker's Circle will be held Thursday afternoon at the home of Mrs. Earl McCutcheon east of Maryville.

Dinner Party.

Miss Grace Ferritor was hostess to a small dinner party Sunday entertaining Misses Anna McGargill and Eva Elshouse of Imogene, Ia., Miss Norine Faris of Faucett, Mo., and Miss Nine Merrigan of Conception.

Junior Society Meeting.

The Junior Missionary Society of the Buchanan Street Methodist church met at the home of Emily Martin, 322 West Fifth street, Saturday afternoon. Thirteen members were present. It was planned to organize a baby division of the society in the near future. Following the business hour and program, refreshments were served by the hostess.

Birthday Dinner.

Mr. and Mrs. A. J. Wright entertained at dinner Sunday at their home, 611 West Fourth street, in observance of the seventy-sixth birthday anniversary of Mr. Wright. Those present were Mr. and Mrs. A. F. Seaton and daughter, Velma, and son, Billie, Mr. and Mrs. C. M. Shelton and daughter, LoDaiska, and Helen, and Mr. and Mrs. A. J. Wright.

Miss Mabel Foreman Weds.

Miss Mabel Foreman of Maryville and Mr. Robert Smirthwaite of Conrad, Mont., were married in Omaha, Nebr., Thursday, June 23. Mrs. Smirthwaite arrived in Maryville this morning for a visit with her parents, Mr. and Mrs. A. I. Foreman, before joining Mr. Smirtwaite in Denver, Colo., near where they will make their future home. The bride had been in the Fenger hospital nurses' training school for the past six months.

Sunday Dinner.

Mr. and Mrs. J. W. Ritter entertained with a 12 o'clock dinner Sunday at at their home north of town in honor of Charles Coof and family. Plates were laid for Mr. and Mrs. Claud Randall and daughter, Mr. and Mrs. Roy Randall and two children, and John Randall of Sparks, Kan.; Mr. and Mrs. Rank Riley and children of Hopkins; Mr. and Mrs. Rhode Carmichael and two children, Mr. and Mrs. Charles Coof and two children of Huron, S. D., Ralph Riley, Mrs. Bell Needham and the host and hostess. Mr. Coof and family started Monday for their home at Huron.

Freece-Charles Wedding.

Miss Mary A. Freece and Lawrence Charles both living near Skidmore were married Sunday afternoon at the home of the bride's parents, Mr. and Mrs. William Freece. The marriage lines were read by the Rev. S. D. Harlan, pastor of the Christian church at Graham. Miss Martha Freece, sister of the bride, and Arthur Charles, brother of the groom, attended the couple. Following the ceremony, refreshments were served to the guests who were limited to the members of the families and a few intimate friends. Mr. and Mrs. Charles will make their home on a farm near Bedison.

Bethany Couple Wed.

Miss Goldie G. Howard, daughter of John Howard of Bethany, Mo., and A. R. Cushman also of Bethany were married at 12 o'clock today at the parsonage of the First Christian church by the pastor, the Rev. R. E. Snodgrass. The ring ceremony was used and the only witness of the wedding was the groom's brother, H. B. Cushman of this city at whose home a wedding dinner was served immediately after the ceremony. Mr. and Mrs. Cushman will go to Kansas City tomorrow and after a short stay will go to Bethany to make their home. Mr. Cushman is in the hardware business at that place. Miss Eudora Allen was an additional guest at the dinner.

Elks' Dance.

The regular fortnightly dance of the Elks' Dancing club will be held tonight at the club house.

Fried Chicken Supper.

The members of the Bachelors' Table at Perrin Hall were hosts at a fried chicken picnic supper last night to honor one of their members, Sherman Alan Montgomery and his bride-to-be, Miss Mary Sewell. The picnic was held in the woods about two miles north of Maryville and following the supper, music from a Sonora which had been taken to the picnic grounds, was enjoyed. Those present were the honor guests, Miss Sewell and Mr. Montgomery, Mrs. Kenneth Floyd Davis of Colby, Kan., Misses Gussie Dill, Gladys and Crystal Patton, Mary Wooldridge, Blanche Dow, Vi June Colden, Eva Montgomery, Mildred Bellows, Mildred Shinabarger and Dr. H. L. Stinson, W. N. Deatherage, Fred Wolfers, Clarence Vogt, M. W. Wilson, W. H. Charlton, Dr. Frank Wallis, and F. R. Marcell.

Castillo Dinner.

Mr. and Mrs. Ross Scott who were recently married were the honor guests at a dinner party given Sunday at the home of Mr. and Mrs. N. B. Castillo. In addition to the honor guests those present were Mr. and Mrs. Levi Wallace, Mr. and Mrs. John Stelter and little daughter, Mary Louise, Mr. and Mrs. George Mace and son, George, Jr., of Shenandoah, Ia., Miss Faye Castillo and Dale Castillo.

LONGER CARPENTIER STAYS BETTER CHANCE HE HAS

Corbett Says Both Fighters Have the Punch and Frenchman's Speed May Win for Him.

By JAMES J. CORBETT

Former World's Heavyweight Champion.

(Written expressly for the International News Service).

(Copyright, 1921, by the International News Service).

Atlantic City, N. J., June 27.—Another possibility in the coming Dempsey-Carpentier bout is that it may be won and lost in one punch.

I believe Dempsey can knock the Frenchman out in a punch if he hits him solidly.

I also believe that Carpentier has enough stuff behind his right hand to knock Dempsey out in a single punch if it is properly landed.

In a drawn-out struggle match, of course, I imagine Dempsey would have the edge because of his more rugged body, yet Carpentier has proved that he can take a mighty hard jolt or a series of them and still stay on his feet.

Carpentier may do against Dempsey as I did with Fitzsimmons.

Fitz hit me on the jaw—yes, but I was going away and he didn't hurt me. And the fact was apparent to him, it did not encourage him to any extent. It did cause him to play the waiting game.

Sullivan, who could hit like a pile driver, also found me going away and I made him miss a mile. It was the same with Jeff, Choynski and others.

Now then, if Champion Jack goes after Georges with a rush, as he has been in the habit of doing and fails to nail him in the first round, Georges may find time to work out a problem of defense and attack that will carry him along despite Dempsey's rushes and it is reasonable to say that the longer he stays the better his chances of winning will be, even though he must win by a knock out if he is to annex the title.

Dempsey, of course, is a very business like workman and after looking him over this week I am satisfied he is in good condition. He did not impress me as being quite so carefree as he was at Toledo, and, having seen both men in action so recenly, I can say that the champion is not as quick as the Frenchman.

Mrs. Arch Davis of Guilford was a Maryville visitor today.

SWAINS MAKE DATES AT GOVERNMENT EXPENSE INVESTIGATION SHOWS.

Discussing a deficiency appropriation for the Shipping Board in the Senate, Mr. Kenyon, of Iowa, descends to trivialities:

Mr. Kenyon: I meant as far as they are concerned. The Government is paying for these things.

I have here copies of some telegrams sent out by various gentlemen connected with the Shipping Board. I will not use their names, but I should like to see them in the investigation.

Here is a telegram, for instance, sent to some young lady down in Virginia: Can not get down until Tuesday morning, Hotel Fairfax, 8:30.

That little message cost the Government only 25 cents. I do not know what it cost otherwise.

Here is another one charged to the Government:

Please mail three blank checks to Shoreham Hotel. Miss Norfolk boat. Go down Friday night."

Here is another mighty message sent at the expense of the Government:

"Leave door open. Will be home about midnight tonight. (Signed) Ed."

Mr. McCormick. Where is that from Mr. President?

Mr. Kenyon: It is charged to the United States Shipping Board. These gentlemen are interested, some of them, not only in leaving the door open but in leaving the door open to the Federal Treasury.—The Nation's Business.

Rodesia Lightly Taxed

Rodesia, under the administration of the Chartered Company of South Africa, is the most lightly taxed portion of the British Empire. Nevertheless the community has expressed a desire for the recognition by the Imperial Government of the status of a self-governing dominion, even though it would involve the payment of a debt of four million four hundred thirty-five thousand pounds.

Only One-half Vote

One-half of our citizens who are eligible voters fail to vote.

FARMERS URGE DIRT ROADS FOR THE STATE

Ask the Amendment Be Resubmitted to Voters—Not for Hard Surfacing.

Jefferson City, June 28.—The radical dirt road advocates represented by the Missouri Farmers' Association sent an appeal to the special session of the legislature yesterday to abandon the hard surface program until the road question has been resubmitted to the voters.

The organization calls on the legislature to hold up any program for the hard surfacing of the six thousand miles of inter-county seat roads until after an initiative petition has been submitted to the people on a dirt program. In the appeal emphasis is placed on the improvement of "farm to market roads." Road improvements for the use of tourists is condemned.

The Missouri Farmers' Association is controlled by William Hirth of Columbia, who openly fought the 60 million dollar road bond amendment prior to the election last November.

Nearly all the state road fund would be used to drag the inter-county roads and the post roads of Missouri, under a bill introduced in the house by Representatives Haas and Dunlap.

The bill would continue the dragging of inter-county sent roads. Fifteen dollars a mile would be allowed each county from the state road fund for that purpose. For dragging the road each time, $1.25 a mile would be paid.

In addition to that, the bill would have the state road fund pay for dragging the post roads of the state, consisting of about fifty thousand miles. An annual allowance would be made to the counties of $10 a mile for the post roads dragged. That would take nearly ½ million a year from the state road fund.

State road fund receives now slightly over 2 million dollars annually. If this bill should pass, little would be left the state to build hard-surface roads.

The general belief, even among the hard-surface road advocates in the legislature, is that the entire cost of the state road program must come from the motor car license fees. The rural districts already have made it plain if the state road program provides a direct property tax, even for maintenance, the measure will be held up by referendum.

Representative Sutton of Reynolds county introduced a bill today which would result in nearly doubling the motor car license tax, although he believes that license fees would not be increased over ¾ million dollars annually.

Hail Storm Kills Ducks

As a result of a terrific hail storm which recently swept a section of Colorado, many wild ducks, unable to battle against the big wind and the hail, broke their wings, causing them to fall helpless to the earth. In the vicinity of Crestine fully one hundred plump ducks were obtained.

Home From Oklahoma.

A. W. Littler is expected to return tomorrow from a two week's visit at Guthrie, Okla., with his daughter, Mrs. Herschel Wiles and Mr. Wiles. Mr. Littler will visit over night tonight with his brother living in St. Joseph.

Galyord Sanford who has been attending the Chicago Conservatory of Music, spent Monday in Maryville. He left today for his home in Stanberry.

William Aldride of Elmo was a Maryville visitor yesterday.

WAS 92 AT 1:15 THIS AFTERNOON, BRINK SAYS

It Seems Much Hotted Due to the Humidity in Atmosphere—Forecast More Hot Weather

It was 92 at 1:15 o'clock this afternoon, according to Weather Observer J. R. Brink. Mr. Brink said one reason why people thought it was hotter was due to the humidity in the atmosphere. The hottest day recorded for this summer is 96 and the temperature today is not expected to reach that mark.

The United States weather bureau in a dispatch from Washington holds out little promise of relief and the country generally may as well continue its search of the last few days for a cool spot.

See America this Summer!

—recreate in the biggest vacation land in the world; realize your vacation hopes and dreams—THIS summer.

"Hit the trail"—West! Make 1921 the red-letter year of your life's vacation calendar!

Our West is the world's greatest outdoors. It's your country—get out into it—know it—feel it!

Stand on top of Pike's Peak and look off at the rest of the world, and experience sensations not to be described in words.

Rest in Rocky Mountain National-Estes Park—that wild and beautiful immensity of healthful outdoors.

Go motoring through the thrilling canyons on the Cody Road and past those soul-stirring scenes in Yellowstone National Park.

Bless your eyes with a sight of that emerald gem of the Northern Rockies, entrancing Lake St. Mary in Glacier National Park.

Get acquainted with the "charmed" land of the Pacific Northwest; see Puget Sound—the American Mediterranean; explore the great perpetual ice-cape of old Mount Rainier.

Take that indescribable "look" down into Crater Lake—Nature's unmatched spectacle.

View the grandeur and feel the inspiration of Yosemite National Park.

Stroll amid California's Big Trees—the oldest living things.

Enjoy the wondrous colorings in Zion National Park.

Take a dip in Great Salt Lake—higher than the Allegheny Mountains and seven times larger than Palestine's Dead Sea.

Stop-off in Mesa Verde National Park—"The Land of The Past"—containing the best-preserved prehistoric ruins in America.

These are but a few of the show places in Western America. Pack your grip and have your heart stirred and your mind refreshed by them this very summer. Let the Burlington take you there and bring you back.

No form of education is more inspirational than travel. Decide right now to make 1921 memorable for its perfect vacation.

Monarch Collects Stamps

Ever since his midshipman days, King George has been collecting postage stamps. He is the only monarch sufficiently interested in this pastime to have a special official in charge of his collection.

One Must Have a Limber Tongue to Reel Off These Twisters

Did you ever twist your tongue in a double bow-knot? If you have not, a few exercises and limericks such as these might help you perform this task.

In the old days, these were considered the popular tongue twisters: "Peter Piper picked a peck of pickle peppers; now if Peter Piper picked a peck of pickle peppers, where is the peck of pickle peppers Peter Piper picked?" and "How much wood would a woodchuck chuck if a woodchuck could chuck wood? A woodchuck would chuck all the wood a woodchuck could chuck, if a woodchuck could chuck wood."

However, these are not the only ones which can be placed in this class of "champion tongue twistsers." You might learn some of these exercises and then try them on your friends:

"Cecil sells sea sheells by the sea shore; now if she sels sea shells by the sea shore, the sea shells she sells are Cecil's sea shells. But when you try to buy the shells she sells by the seashore, don't try to buy the seashore.

"Theophilus Thistle, the successful thistle-sifter, sifted a sieve of unsifted thistles; now if Theophilus Thistle, the successful thistle-sifter, sifted a sieve of unsifted thistles, where is the sieve of unsifted thistles which Theophilus Thistle, the successful thistle-sifter sifted?"

These limericks might also aid you in your tongue-twisting practice:

"A young man named Tate had a date
For a tete-a-tete lunch at 8:08
Since he did not state, I cannot relate
What Tate and his tete-a-tete ate at 8:08.

or

"A boy with initials C. E.
Had read until he could not see
The doctor said "ocean"
And so with devotion
C. E. sees a season at sea."

Just before Woodrow Wilson went into the White House such a piece as the following was composed for the same purpose as the foregoing verses:

"Woodrow Wilson's witty, winsome wife washes Washington's windows which Washington's wife wash while Washington was waiting within."

Then for humor as well as tongue-twisting these two were originated:

"Bill had a bill board and Bill had a board bill and Bill's board bill bored Bill till sold Bill's bill board to pay Bill's board bill and then Bill's board bill no longer bored Bill.

"Mister Bliss kissed Custer's sister
Custer's sister cussed the mister
It was no bliss for Custer's sister
For Bliss's kisses raised a blister."

Now all these require much "practice before making perfect," so a couple of short sayings might serve the same purpose as the above mentioned ones and not be so time-consuming. Saying these rapidly gives the proper effect:

"Three drops of blood from a big black bug."

"The sun shines on a shop sign."

Miss Thelma Curnutt of Barnard is in Maryville today. Miss Curnutt is a student at the Conservatory of Music.

Common Sense Advertising Best.

Many advertisements do more harm than good—simply because the impression they seek to make is extravagant or silly. A certain cigaret manufacturer would almost have it appear that the most important factor having to do with one's success in life is selecting the right brand of cigarets. If you buy the kind, bearing his label all is well. You will have riches and good clothes and a life of luxurious ease before entrancing fireplaces in sumptuously upholstered chairs. Men of achievement, according to the pictures, not only smoke cigarets, in hours of work and hours of ease, but they will accept nothing but this one kind. Every time I see one of these advertisements I have a notion to become a cigaret fiend, just for the satisfaction of not smoking this particular brand.—Fred Kelly in The Nation's Business.

Nut Stuff of Long Ago.

Two gentlemen riding on a train were both very much intoxicated.

First Gent—"What time is it?"

Second Gent (after extracting a match box from his pocket with much exertion and gazing at it intently)—"Thursday."

First Gent—"My Lord! I've got to get off here."

Two out of three persons in the world are unable to read and write, and one billion of the billion six hundred million persons in the world are non-Christians.

OUR DOLLAR DAY BARGAIN

25 pounds of Common Wire Nails and Fence Staples $1.00

CURFMAN BROS.

REMEMBER to ask your grocer for Calumet Baking Powder and be sure that you get it—the Indian head on the orange label. Then *forget* about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods. And *now remember*, you always use less than of most other brands because it possesses greater leavening strength.

Now Remember—Always Use

CALUMET BAKING POWDER

There is no waste. If a recipe calls for one egg—two cups of flour—half a cup of milk — that's all you use. You *never* have to re-bake. Contains only such ingredients as have been officially approved by U. S. Food Authorities, is the product of the largest, most modern and sanitary Baking Powder Factories in existence.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Columbia Muffin Recipe

—4 cups sifted flour, 4 level teaspoons Calumet Baking Powder, 1 tablespoon sugar, 1 teaspoon salt, 2 eggs, 2 cups of sweet milk. Then mix in the regular way.

Here's why CAMELS are *the quality cigarette*

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigaretty aftertaste,

It's Camels for you.

Camel

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

BANK LOANS SHOW MARKED DEFLATION

JUNE REPORT SHOWS FINANCIAL SITUATION IMPROVED

AMPLE HARVEST CREDITS

Fewer Business Failures in This District than Any Other—More Building and Business Better

An outstanding feature of the situation in this agricultural district at the 1921 harvest season is that loans by the Federal Reserve Bank of Kansas City are less than one-half the total of November last when loans were at their highest peak, and marked reductions in loans by member and non-member banks have also been made during the same period. As a result of deflations, which have proceeded steadily and in orderly fashion, finances in this district are in better condition than for many months past. Ample currency and credit are available for harvesting and crop movements as well as for all legitimate requirements.

Improvement in the financial situation in this district is reflected by the weekly statements of the Federal Reserve Bank of Kansas City. On November 5, 1920, loans had reached the high mark of $163,387,000 and such was the demand for currency and credit at that time that the bank was borrowing $41,877,649 from other Federal Reserve Banks to meet necessary requirements.

In marked contrast from this state of highly inflated credits is the state ment of the Federal Reserve Bank of Kansas City as of June 15, 1921, which shows a total of $76,863,151 of loans, a reduction of 53 per cent from the total on November 5, 1920, and not a dollar borrowed from other Federal Reserve Banks. Besides the Federal Reserve Bank of Kansas City has in undistributed lending power more than $50,000,000 of funds available for financing the 1921 harvest and for the movement of crops, live stock and other products of this district, whereas on November 5, 1920, and also on June 18, 1920, it is recalled that the Federal Reserve Bank was borrowing heavily from outside banks to meet the actual needs of this district.

High points on conditions in the Tenth Federal Reserve District in June are:

Federal Reserve Bank loans reduced one-half from the high peak of November—Financial situation improved—Ample currency and credits for all legitimate needs.

Harvest season now on, with estimated winter wheat crop for the district 215 to 235 million bushels—Other crops doing well under favorable weather conditions and abundant moisture. Heavy marketing of old wheat reduces farm reserve to about the usual normal supply—Flour milling in May slightly below last year.

Continued heavy receipts of live stock—Meat packing improved with a larger slaughter of cattle but fewer hogs and sheep as compared with this time last year.

Crude oil production mounting high with further reduction of prices, and drastic measures being taken to check the output.

Lead and zinc mining improvement checked by decline in price of ores—Coal production lagging on account of "no market."

Improvement in some lines of mercantile trade, other lines slow at readjustment.

Liabilities involved in business failures in this district less than in any other Federal Reserve District.

Increased building activity, particularly in residences, permits larger both in number and estimated cost than one year ago.

SAYS ALL HAVE A CHANCE

Still Possible, Despite High Costs, to Work Through College

A Missouri county agent who worked his way through the agricultural college at the state university has this bit of encouragement for the country boys who hope to attend farming school on scant financial resources.

"With the educational opportunities of the present day", he declares, "there is practically no one who cannot obtain an education if he wants it". When asked for his comment on this statement, Dean Mumford of the College of Agriculture readily called to mind a great many students who have put themselves through this school and who have gone to succeed and serve in much greater measure than they ever could have hoped to do without their self-made college experience.

"Large numbers of students are earning money in various ways in order to put themselves through scohol", says Dean F. B. Mumford. "A considerable number are employed in doing chores around the farm, such as milking, taking care of the stock, keeping barns and stables in order, feeding cattle and hogs and doing similar work. Quite a few are employed in looking after the work that is needed to be done on the different experiment fields. Several are kept busy working for the horticulture department, looking after the orchard and taking care of the vegetable gardens. Boys are not only found doing this sort of work but you will find them waiting tables for their board, firing furnaces in the winter time for their rooms. You will find quite a few boys employed in the stores up town, working certain hours on busy days. Some get out and do regular house cleaning work, such as window washing, rug beating and scrubbing. Of course it is all work, real manual labor, but the fellow who is after an education is usually broad-minded enough to realize that this entails neither injury nor dishonor. It is the vision of the splendid advantages of a complete college training that carries him through the four busy years."

WASHINGTON FROM THE SIDE LINES.

Washington, June 28 (Capital News Service).—Speaking of government positions, a casual visitor to Washington undertook the task recently of counting the number of Smiths in the official register, the dope book on the number of government employes, their salaries, etc. After counting for a time he threw up his hand and remarked that the job was too big a one for him.

Prospective applicants for postmasterships throughout the country are now finding themselves in much the same mental attitude as school children facing t he end-o-the-year examinations. Under the order of the President, civil service tests to provide eligible lists for the filling of about 300 third-class and 40 or more second-class postoffices soon will be held. Sample questions are being sent out freely on call, and those receiving them are beginning to "bone" for the examinations which may mean for them lifelong jobs with Uncle Sam as the paymaster.

Railway mail clerks who have been instructed to carry revolvers to protect themselves against hold-up men are protesting that they are handicapped in their work through the keeping of a small gat on their hip and that, in the event of an emergency, they would never have a chance to draw in time, the robber always being careful to get the drop on them before they know he is around.

Judge and Mrs. Jesse Robertson motored to Burlington Junction this morning for the day.

USE THAT SPARE TIRE TO PREVENT ITS THEFT

Survey of Losses Shows 99 Per Cent of Tires Stolen Were New—Company Suggests Remedy.

"With tire prices at the lowest level in history, and with the season at hand for vacation trips, spare rims are being rapidly equipped with tires, in many cases several spares being carried," says a general letter sent to its branches by the Firestone Tire & Rubber Company, "and it is at this time that tire thieves are most active.

"You can deal a death blow at this evil," the letter continues, "by communicating to tire dealers, who, in turn, will suggest it to car owners, a plan whereby tire thievery can be practically, if not wholly eliminated. There is no expense involved, but on the contrary money and trouble saved.

"It is simply, that when 'spares' are purchased they should be put in use at once—if only for a short time—and only tires that have been in use carried as 'spares.' "

According to officials of the company a survey of the situation brought to light the remarkable fact that nearly 99 per cent of all tires stolen were brand new. The approximate 1 per cent, remaining, being used tires in cases where, evidently, the thief didn't stop to see what kind of tire the case contained. Otherwise not a single used tire was stolen.

Mr. and Mrs. John Pershall of Quitman were in Maryville yesterday.

Judge Samuel Hayworth of Barnard was in Maryville yesterday.

Miss Minnie Egan of Conception Junction was in Maryville yesterday.

KENTUCKY GIRL WRITES LETTER

How She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Sunnyside, Ky.—"I suffered for more than two years with my back and nervousness, and was not able to help my mother do the housework. I took treatment from two doctors and they did not do me any good. Mother saw Lydia E. Pinkham's Vegetable Compound advertised in the paper and I took about ten bottles. It has done me a great deal of good. I weigh 138 pounds and am in good health. I will gladly recommend Vegetable Compound to anyone who suffers with the troubles which I had, and you are welcome to publish my testimonial."—VELMER HENDRICK, Route 1, Sunnyside, Ky.

To many American girls life is often a heavy drag in consequence of illness, and every mother should heed the first manifestations, such as cramps, backaches, headaches and nervousness as Mrs. Hendrick did for her daughter, and give Lydia E. Pinkham's Vegetable Compound a fair trial. For over forty years this old-fashioned root and herb medicine has been relieving women of just such troubles.

Write Lydia E. Pinkham Medicine Co., Lynn, Mass., about your health.

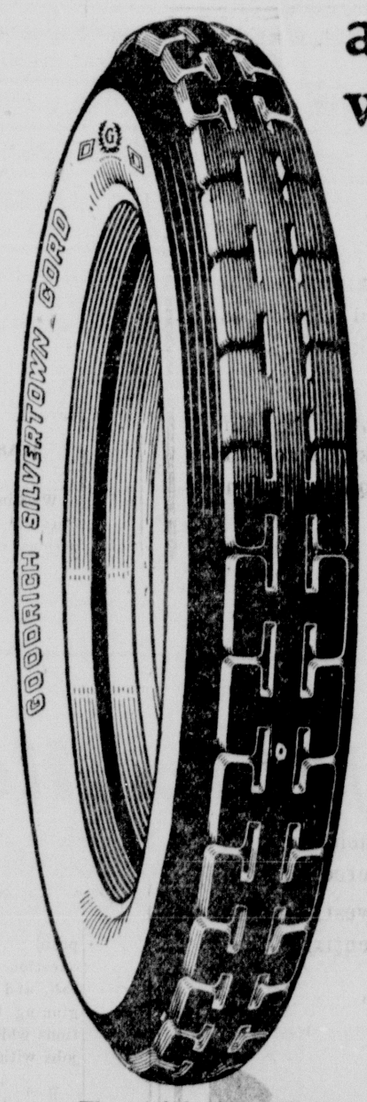
Goodrich Tire Price Reduction applies to all sizes—without reservation



The anti-skid safety tread Silvertown Cord

The name of Goodrich on a tire means just one thing—quality. And that quality is always the highest that can be produced.

Each tire is specially designed for the service it must deliver. Goodrich Fabrics, in the popular sizes, have established themselves as unusual values from the standpoint of real economy. Silvertown Cords in their class have always held first place in the esteem of motorists, not only because of their symmetrical perfection of finish, but furthermore, by reason of their long life, complete dependability and satisfactory performance.

Your dealer will supply you at these fair prices:

SILVERTOWN CORDS

SIZE	Anti-Skid Safety Tread	TUBES
30x3½	$24.50	$2.55

SEDALIA PREPARES FOR STATE FAIR

WILL CONSTRUCT NEW STREET CAR LINE TO GROUNDS

AT WORK ON PAGEANT

More Than 5,000 Characters Are Used In Depicting Missouri's History—Add to Camping Ground

Sedalia, Mo., June 28.—Permission was recently granted by the Public Service Commission to the City Light and Traction Company of this place to construct a new line of street car tracks to the Missouri State Fair Grounds. Workmen have already commenced tearing up the old tracks and work on the new line will begin at once, so that it may be finished on August 1, in time for the Missouri Centennial Exposition and State to be held here August 8 to 20.

The new line is a complete circuit and does not re-track itself in any place. It is expected that cars can make the complete circuit in thirty minutes .This is a big advantage over the old line because then outgoing cars had to stop and wait for incoming cars to side-track and sometimes it took two hours or more to make the circuit.

Rehearsals on the "Pageant of Missouri", a historical pageant presented in connection with the Centennial are getting well under way. All the producers and coaches are here now and everything is progressing splendidly. The people of Sedalia are responding nobly to the call for participants in the cast. It is estimated that 1000 men, women and children have responded to the invitation to participate. More than 5,000 characters are included in the cast.

Thirty scenic artists from Chicago under the direction of the greatest designer and builder of outdoor scenery in the country have turned one of the immense Fair buildings into a giant studio where, with their paint and canvas, they are constructing the scenery and stage settings for the pageant.

The mile track, the best dirt track in the West, is indeed an active training ground now. Several horsemen are here using the excellent track to train their horses on. About fifty horses are now being trained here.

The Fair grounds are being dressed up for the big Centennial Exposition. A small army of painters and carpenters is at work on the Exposition grounds getting everything in first class shape. Thirty or forty new buildings will be built and the old ones improved and repaired. The main streets of the Fair grounds are being re-surfaced, rolled and repaired and the roads leading from Sedalia to the grounds are being oiled and improved.

Blue grass several inches high completely covers the "White City" camp grounds. The Fair Board recently purchased a fifteen acre addition to the camping spot, making it now contain more than one hundred acres.

The beautiful free Premium List issued last week is attracting wide attention. Premiums for the Exposition, it will be remembered, have been doubled and are drawing noticeable interest and enthusiasm. Entries have already begun to come in and it is expected that before the closing entry dates twice the number ever previously recorded will have been received.

Every day assurances come from former residents and natives of Missouri living in other states, that large numbers of out-of-state visitors are coming for the Centennial and Homecoming. Specia ltrains are coming from many points.

WILL HAVE RUNNING WATER

Johnson County Farmers Install Modern Equipment in Homes

Forty-four families in Johnson County will install modern equipment for handling the household water supply. The demonstrations given in that county by the home convenience truck of the Missouri College of Agriculture were attended by 275 persons representing 114 families. Twenty-six of thees families, following the demonstrations, have signified their determination to install at least sink, drain and pump within the kitchen. Seven families will install complete water supply systems, six will install gravity systems, and five others will provide some means of keeping water in tap within the home.

It was found also at these meetings, according to E. W. Lehmann, that 19 of the 114 families already have some sort of water-carrying equipment. Nine of them have complete systems ,three have gravity systems and seven have sink, drain and pump. All these having become accustomed to the conveniences, say they would not think of doing without them.

J. W. Poland of Pittsburgh, Pa., is visiting in Maryville with friends at the home of G. L. Hulet.

William and Herschel Houston, Charles Miller, Calvin Deavis, and James Weaver weer visitors from Burlington Junction yesterday.
